Editor-in-Chief of Jurnal Profesi Medika
in Jakarta, Indonesia

Dear Sir/Madam,

We wish to submit an original research article entitled “**The Relationship Between Mallampati Score And Obesity With the Risk of OSAHS in Down Syndrome Children**” for consideration by Jurnal Profesi Medika.

We confirm that this work is original and that the manuscript has not been published elsewhere, nor is it currently under consideration for publication elsewhere. We also confirm that there is no falsification or fabrication of data and no plagiarized content in the article.

We believe that this manuscript is appropriate for publication by Jurnal Profesi Medika because it studied a highly interesting and important topic, that may affect the modes of approach in detecting the likelihood of OSAHS development in Down Syndrome children, which was commonly occurred in Down Syndrome children. The use of Mallampati score and recognition of obesity in early age may predict the risk of OSAHS development in the days to come. Authors of this manuscript have approved the final version of this submitted manuscript.

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely,

Dr. dr. Uni Gamayani, Sp.S(K)
